
Continuous Flow along with Time boxing

Who am I?

Sanjay Saini

Approx. 20 years of experience across different domains – healthcare, manufacturing, energy efficiency, banking etc.

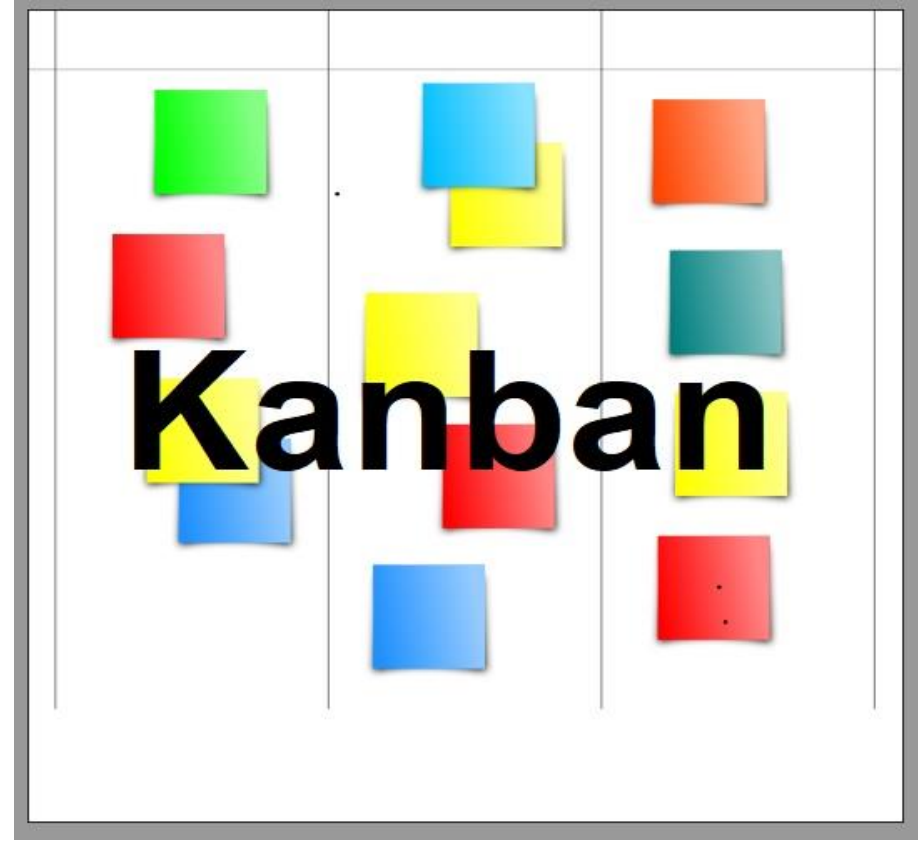

Wanted to be a fighter pilot, dolphins in my pool and horses in my farm

Currently working as Scrum coach with Royal Bank of Scotland

Professional Scrum Trainer from Scrum.org

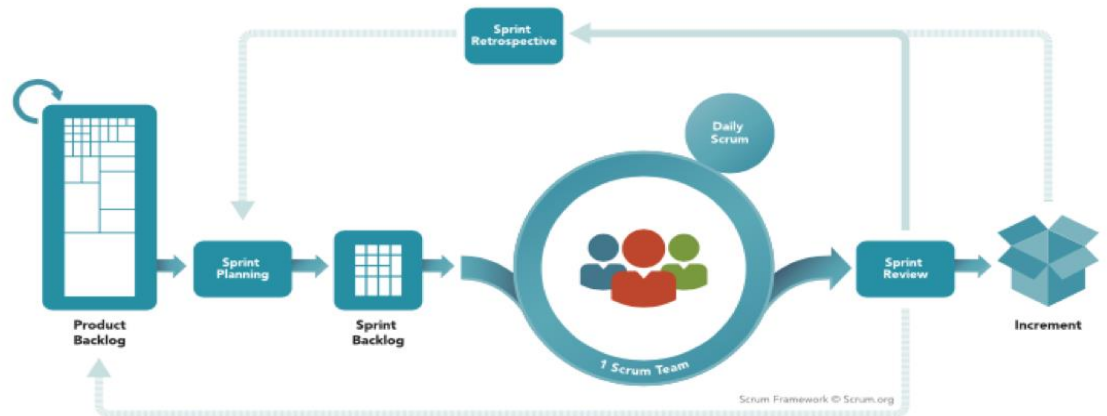

Continuous Flow in Agile context?

Time boxing in Agile context?

SCRUM FRAMEWORK

Myth# 1

Scrum says you can
release only at the end
of the Sprint

Myth# 2

Kanban doesn't talk
about the self
organizing teams

Myth# 3

Scrum requires upfront
Sprint Planning for a
calendar month

Myth# 4

Kanban doesn't have a
DoD

Myth# 5

There is no WIP limit in
Scrum

Myth# 6

Kanban is for
manufacturing and
maintenance projects
only

Myth# 7

ScrumBan

Its your choice

Scrum vs Kanban
